

CORONAVIRUS

MEASURES TO PREVENT INFECTION

OUR STAFF IS:

- Washing our hands frequently (20 seconds minimum)
 - Using Hypochlorous Acid in between hand-washing after each patient encounter
 - Using Hypochlorous Acid disinfectant on knobs, counters, frames, desks, etc. Multiple times per day
 - Disinfecting frames after handling & using disposable cleaning cloths and wipes to clean glasses
 - Requiring any staff person feeling ill, with fever or cough, to stay home
- ALSO, keeping toilet paper in stock!

PATIENTS PLEASE:

- Use the Pure & Clean spray before using the Check-in Kiosk
- Wash hands (20 seconds) before handling glasses or magazines
- If you have a FEVER, FEEL ILL, OR HAVE A COUGH, Please text us or call to reschedule your visit

Thanks!
